No. 5448 of 1932.

INSPECTOR GENERAL OF PRISONS' OFFICE :
Poona, 14th April 1932.

From

MAJOR R. V. MARTIN, I.M.S.,
Offg. Inspector General of Prisons,
Bombay Presidency;

To

THE SECRETARY TO GOVERNMENT,
Home Department, Bombay.

Subject.—Annual Administration Report for the year 1931.

Sir,

I have the honour to submit the Annual Administration Report on Prisons and Jails in the Bombay Presidency (including Sind and Aden) for the year 1931. The usual statistical tables are attached.

2. Lieutenant-Colonel E. E. Doyle, C.I.E., D.S.O., I.M.S., was in charge till the 17th April 1931 when he proceeded on leave. I have held officiating charge since that date.

I—Introductory.

3. The beginning of the year saw the continuance of the Civil Disobedience Movement. This was however called off in March 1931, and all prisoners convicted for non-violent acts connected with the movement were released in the same month.

4. Rules for the management of the Bombay Presidency Borstal Association were issued by Government under Home Department Government Resolutions Nos. 507-V (b)-II, dated 5th August and 14th October 1931, respectively.

5. Instructions about the treatment of young offenders in the Borstal School at Dharwar were issued in Government Circular, Home Department, No. 7311-IV (*a*) of 15th July 1931.

6. The amended plans and estimates for the Borstal School have not yet been finally approved by Government.

7. Orders for the reorganisation of jail industries and instructions for the local purchase of articles required by Government Departments were further revised under Government Resolution, Home Department, No. 197-V, dated 21st August 1931.

8. The Camp Extension at Yeravda was closed from 18th March 1931. Visapur Temporary Prison was closed from 27th May 1931.

Statistics for the Camp Extension Prison are included in the figures of the Yeravda Central Prison. Those for the Temporary Prison at Visapur are shown separately.

II—Jail Population.

Increase in the admission of convicted prisoners in the Sukkur District Prison was due to prisoners with sentences up to 3 years, from Larkana and Jacobabad Districts being sent there instead of to Shikarpur Special Prison owing to the frequent occurrence of cases of Cerebrospinal fever at that Prison.

(*b*) During the year there were 14 admissions and 19 releases under the former and one death and one release under the latter.

(*c*) At the close of the year there were 8 persons confined under Act III of 1864 and none under Regulation 25 of 1827.

The cost of these prisoners to Government was Rs. 12,006 as compared with Rs. 12,082 in 1930.

Race, Religion, Education and previous occupation.

18. Full details are contained in Statement No. II.

Admission of Childrens.

19. The number of admission under this head was 65 males and 3 females against 98 males and 5 females in 1930.

Section 4 of the Bombay Childrens' Act was made applicable to all the Presidency excepting the City of Bombay, the Municipal Borough of Lonavla and Bombay Suburban District with effect from 16th November 1931 as per Government Resolution, Home Department, No. 3857/2, dated 17th November 1931.

Adolescent prisoners.

20. The number of prisoners between the ages of 16 and 21 years admitted during the year 1931 was 2,299 males and 64 females as against 5,297 males and 114 females in 1930. Of these 244 including 11 adults were admitted to the Dharwar Borstal School.

The Borstal School opened on April 1st is progressing satisfactorily. The boys are divided into five houses under House Masters. The gates of the School are open throughout the day. Route marches in the country, Scouting, Games, and visits to outside tournaments and matches, combined with hard work are doing much to promote the right spirit and atmosphere in the School.

Simple Imprisonment.

21. The number of prisoners sentenced under this head was 1,256 against 2,043 in 1930.

Short-term prisoners in Bombay City.

22. The number sentenced to imprisonment for seven days or less was 935 against 1,049 in 1930.

Habituals.

23. The number of this class of prisoners was 4,130 against 3,277 in 1930.

And at the end of the year there were 1,039 male habituals in Nasik Road Central Prison.

Undertrials.

24. The number of undertrial prisoners admitted is as shown below :—

—	1930	1931
Into the larger jails	13,633	11,021
Into Sub-Jails and Lock-ups	78,697	75,005
	92,330	86,026

A decrease by 6,304.

The daily "average numbers" confined were :—

—	1930	1931
In the larger jails	895	846
In the Sub-Jails and Lock-ups	2,116	2,005
	3,011	2,851

The undertrial prisoners formed 19 per cent. of the total jail population, this being exactly the same percentage in 1930 and in 1929.

There is still congestion in the undertrial section of Prisons especially in Sind. Magistrates are once again earnestly requested to expedite disposal of cases as far as it is within their power to do so.

III—Discipline.

Warders.

25. The strength of the warder staff was 1,115 as compared with 1,108 in 1930. This number includes 87 warders entertained for the temporary prisons and also seven warders made permanent at the Shikarpur Special Prison.

Nine per cent. of the warder staff changed during the year for the reasons shown below :—

—	1930	1931
Resigned	29	14
Died	2	3
Retired	2	4
Absconded	4	.....
Discharged or dismissed	78	81
	115	102

A Central Reserve of 45 warders sanctioned last year was discontinued during 1931 for reasons of economy. A reserve for training purposes is most desirable, and it is hoped that it will be sanctioned in the near future as a permanency. It is a mistake to put the raw recruit in a place of responsibility with some preliminary training, yet this is what is done in this Department owing to the lack of a "training depôt."

Convict Officers.

26. The daily average number of these was 1,219 as compared with 1,173 in 1930. The increase being due to an extra number being promoted during the Civil Disobedience Movement and being allowed to remain as Convict Officers on the cessation of that movement.

Fetters.

27. The number of prisoners fettered for punishment or security during the year was 6,433 against 7,154 the previous year.

Fetters as a punishment were imposed in 1,796 cases against 2,073 in 1930.

Escapes.

28. Twenty four convicted prisoners escaped from the larger prisons compared with 13 in 1930. Of these 21 escaped from extra-mural gangs.

The Prison at which these escapes took place is shown below :—

Yeravda Central Prison	3
Nasik Road Central Prison	1
Ahmedabad Central Prison	4
Hyderabad Central Prison	1
Sukkur District Prison	3
Shikarpur Special Prison	3
Sind Convict Gang	9

Three escaped from the Dharwar Borstal School. Of these twenty were recaptured as shown below :—

Yeravda Central Prison	3
Ahmedabad Central Prison	4
Hyderabad Central Prison	1
Sukkur District Prison	2
Shikarpur Special Prison	2
Sind Convict Gang	6
Dharwar Borstal School	2
	20

In those cases in which jail officials or prisoners were responsible for the escapes they were dealt with departmentally or by prosecution.

The number of escapes from Sub-Jails and Lockups was 19 against 20 in 1930.

29. (*a*) Fourteen cases of prison offences were dealt with by Criminal Courts as against 23 in 1930 and 91 in 1929. The reasons for the prosecutions were :—

Prisoners' Punishments.

	1930	1931
Offences relating to work	9	3
Assault	2	.....
Escape and attempt to escape	7	10
Causing hurt	5	.....
Theft	.....	1
	23	14

(*b*) Ten thousand nine hundred and sixty four offences were dealt with by Superintendents as compared with 14,386 in 1930. The decrease being due to fewer number of prisoners. The offences for which punishments were inflicted are shown below :—

	1930	1931
Offences relating to work	6,026	4,002
Prohibited articles	2,489	2,236
Assaults and mutinies	552	397
All other offences	5,319	4,329
	14,386	10,964

(*c*) The type of punishment inflicted by Superintendents was :—

	1930	1931
Minor	8,627	6,544
Major	6,538	5,179
	15,165	11,723

30. The number of floggings was 25 compared with 28 in 1930 and 35 in 1929.

Floggings.

These were carried out at the undermentioned jails for the reasons given against each :—

Arthur Road Prison ... 4 Assaulting a Head warder.

Yeravda Central Prison ... 1 Stabbing a prisoner in the face.

Nasik Road Central Prison.	4	Assaulting a warder and conduct seriously affecting the jail discipline.
Belgaum Central Prison ...	4	Assaulting a Convict Officer and conduct seriously affecting jail discipline.
Ratnagiri District Prison .	1	Assaulting a warder.
Hyderabad Central Prison.	2	Attempting to assault a Head warder.
Sukkur District Prison ...	2	Conduct seriously affecting jail discipline.
Sind Convict Gang ...	5	Conduct seriously affecting jail discipline.
	23	

Two boys were whipped in the Borstal School for assaulting a warder, and continuously refusing to work.

Special remission.

31. Special remission was given even more liberally as will be seen from the figures given below as special remissions have increased the punishments have decreased. There is no doubt remission is a great incentive to work and an all round gain both for the jail and the prisoners :—

	Total punishments inflicted.	Occasions on which special remissions were awarded.
1928	15,100	15,412
1929	17,207	14,583
1930	15,165	17,785
1931	11,723	21,332

IV—Health and Diet.

Medical arrangement.

32. Consequent on Lieutenant-Colonel E. E. Doyle, C.I.E., D.S.O., I.M.S., proceeding on leave and I being appointed to officiate as Inspector General of prisons from 18th April 1931, Major M. G. Bhandari, I.M.S. was transferred from Nasik Road Central Prison to Yeravda Central Prison to officiate as Superintendent and Medical Officer in my place. The Civil Surgeon, Nasik, was appointed Visiting Medical Officer at the Nasik Road Central Prison.

Major J. S. Galvin, I.M.S., continued as Deputy Superintendent and Medical Officer of the Camp Extension Prison, Yeravda, until 18th March 1931 when his services were replaced at the disposal of the Surgeon General.

Mr. D. J. D'Souza, L.M. & S., B.M.S., Superintendent and Medical Officer, Hyderabad Central Prison, proceeded on leave from November 1st, 1931 and the Civil Surgeon, Hyderabad-Sind, became the Visiting Medical Officer of that Prison up to the close of the year.

Mr. Fakirullah, a Senior S.M.S. Officer, continued to act as Medical Officer at Visapur Temporary Prison until the Prison was closed down.

Sickness and mortality.

33. There was a decrease in the sick rate but a slight increase in the death as will be seen from the following table :—

—	Average daily population.	Admissions into Hospitals.	Average daily number of sick.	Constantly sick rate per 1,000.	Total number of deaths.	Death rate per 1,000.
1929 ...	13,204	9,086	262	19·9	136	10·3
1930 ...	16,161	11,739	311	19·3	158	9·8
1931 ...	14,864	9,733	251	16·9	159	10·7

Death rate.

34. The death rate for the year was 10·7 against 9·8 per mille in 1930.

This increase was due to a greater number of deaths from Pneumonia in the Sind Convict Gang, due to the sudden variation in temperature during the latter part of the year, and also to the deaths from Cerebrospinal fever in Shikarpur Special Prison noted under paragraph 35.

Death rates in the following seven provinces were as shown below :—

Assam	19·81
Central Provinces	17·12
Burma	12·91
Punjab	12·65
North West Frontier Province	12·14
United Provinces	10·9
Madras	9·36

Information from other Provinces has not yet been received.

There were no deaths in Ratnagiri District Prison and Visapur Temporary Prison.

The highest death rate was 42·0 at Shikarpur Special Prison.

There were three releases on medical grounds which are shown according to orders amongst the deaths.

35. No cases of Cholera or Plague occurred in any of the jails, Sub-Jails and Lock-ups.

Cholera and Plague.

Cerebrospinal Meningitis.

Of this disease there were 13 cases in Shikarpur Special Prison out of which 12 were fatal.

The disease appears to have been introduced into the Prison from Upper Sind where it was endemic, and in spite of all precautions sporadic cases have occurred in the Prison throughout the year beginning in the month of April and continuing till the end of the year.

The Assistant Director of Public Health, Sind, kindly visited the Prison and gave valuable advice and assistance.

36.

	Admission.		Deaths.
Erysipelas	1	(In Hyderabad Central Prison).	Nil.
Mumps	35	.....	Nil.
Influenza	128	.....	Nil.
Chicken pox	12	.....	Nil.
Small pox	1	.....	Nil.
Scurvy	9	.....	Nil.
Enteric fever	23	.....	3

37. There were 900 admissions and 8 deaths as compared with 1,399 admissions and 8 deaths in 1930. This figure is about that of an average year.

Dysentery and Diarrhoea.

38. Forty-six admissions with 13 deaths compared with 51 and 16 in the previous year.

Tuberculosis.

39. The numbers admitted were 2,138 with 2 deaths against 3,485 and 5 deaths in 1930.

Malarial Fevers.

40. There were 203 admissions with 41 deaths against 256 and 55 deaths in 1930. Of these the Sind Jails were responsible for no less than 159 admissions and 28 deaths.

Pneumonia.

41. The daily average exceeded the total accommodation in the following prisons :—

Overcrowding.

	Total sanctioned accommodation.	Daily average population.
Dhulia District Prison	538	547
Belgaum Central Prison	1,004	1,071

Ahmedabad Central Prison...	1,261	1,418
Hyderabad Central Prison	1,126	1,298
Sukkur District Prison	448	547
Shikarpur Special Prison	464	547

The work of extension of the Hyderabad Central Prison has been completed and the accommodation raised from 1,126 to 1,592. This will greatly assist in the relief of overcrowding in Sind Jails. It is anticipated that the extra accommodation will be fully utilised.

Plans and estimates for the extensions of the Sub-Jails at Larkana and Nawabshah have been approved, but funds have not yet been allotted. Plans and estimates for the Sub-Jails at Ahmedabad and Nasik have also been approved but are awaiting allotment of funds. Rough plans and estimates for constructing a new Sub-Jail in the Collector's Katcheri compound at Dharwar were forwarded to the Superintending Engineer, Southern Circle, for transmission to Government in November 1931.

42. Third Class Sub-Jails :—

44. The revised standard diet scales for " B " class prisoners for meat eaters and non-meat eaters were provisionally approved by Government and a further report on its working will be submitted in due course for final sanction.

Diet.

V—Industries and Labour.

45. The daily average number of prisoners employed on this form of labour was 1,044 as against 981 during the year 1930. The value of the produce from jail gardens and that of vegetables and condiments etc. purchased are as under :—

Gardens.

	Value of produce from jail gardens.	Cost of vegetables and condiments purchased.
	Rs.	Rs.
1928	77,867	17,088
1929	84,803	15,025
1930	87,314	25,882
1931	86,599	13,340

The figures compare favourably with those of normal years, the figures as regards purchases for 1930 were abnormal.

46. The daily average number of those sentenced to labour was 11,455 against 14,514 in 1930.

Nature of Work.

47. 437 prisoners on an average were employed daily as compared with 450 in 1930. The cost of material used was Rs. 13,588 against Rs. 10,390 in 1930.

Jail Repairs.

Orders regarding the financing of repairs to jail buildings and the agency by which these are to be carried out have not yet been issued by Government.

48. The daily average number of convict officers was 1,219 as compared with 1,173 in 1930, and that of Prison servants 1,348 against 1,368 for the previous year. Reasons for the increase have been explained in paragraph 26.

Convict Officers and Prison Servants.

49. (*a*) *Arthur Road Prison.*—Convict labour was supplied to the Bombay Municipality and Rs. 246 earned.

Extra-Mural Labour.

(*b*) *Nasik Road Central Prison.*—A few prisoners were supplied to the Government Distillery and Public Works Department, the average being 71 against 37 in 1930. Cash receipts and average earnings per prisoner were Rs. 3,067 and Rs. 43-3-2 against

Rs. 8,708 and Rs. 235-5-7 in the previous year—the decrease being due to the small demands of the Public Works Department and the reduced wages at which prisoners were employed by other customers.

(c) *Karwar District Prison.*—Earned the sum of Rs. 76.

(d) *Thana District Prison.*—An average of 4 prisoners per day was employed by the Municipality, Civil Hospital and other institutions. The cash earnings amounted to Rs. 670 against Rs. 779 in 1930.

(e) *Ahmedabad Central Prison.*—Prisoners continued to be employed on transhipping goods at Sabarmati Railway Station, and also on wagon cleaning. The average number so employed being 27 against 23 in 1930. The profits amounted to Rs. 5,029 against Rs. 5,837 in 1930.

(f) *Sukkur District Prison.*—The daily average employed increased to 71 compared with 59 in 1930. Prisoners were employed on coaling engines at the Rohri Engine Shed, and also by the Public Works Department and the Municipality.

The cash earnings amounted to Rs. 8,766 compared with Rs. 8,195 the previous year.

(g) *Shikarpur Special Prison.*—Prisoners were employed on canal clearance by the Public Works Department also by private individuals and Public Works Department Contractors. The cash profit being Rs. 4,872 against Rs. 4,172 in 1930.

(h) *Sind Convict Gang.*—The daily average number employed extra-murally was 338 as against 259 in 1930. Profits amounted to Rs. 20,769 as compared with Rs. 28,355 in 1930. This decrease in profits is due to the fact that the sum of Rs. 7,852 the cost of temporary extra establishment was this year deducted from the profits—a procedure which was not adopted during 1930. Thus the Gang continues its successful career. The Superintendents Mr. D. H. Cowper, and for the last two months of the year Mr. Keshavlal Hiralal are deserving of high praise for this healthy state of affairs.

The Public Works Department continued to give whole-hearted co-operation. The number of prisoners drafted to the Gang is still increasing. In fact there is now difficulty in finding sufficient prisoners in Sind Jails with the requisite sentence, i.e. up to 5 years' rigorous imprisonment, who can be transferred there.

Intra-Mural Manufactures.

50. (a) The daily average number employed was 4,430 against 4,848 in 1930.

(b) Including prisoners employed extra-murally the total number on remunerative work was 4,974 as against 5,284 during the year previous.

(c) The average cash earnings per prisoner was Rs. 18-11-7 compared with Rs. 20-11-6 in 1930. The average cash earning per prisoner actually employed on jail manufactures was Rs. 43-1-11 against Rs. 49-1-1 in 1930.

(*d*) The average net profit per prisoner sentenced to labour was Rs. 18-8-10 and per prisoner employed on manufactures Rs. 42-11-7 as compared with Rs. 18-5-7 and Rs. 43-7-4 in 1930. The total net profit amounted to Rs. 2,12,507 against Rs. 2,29,634 in 1930—for a year in which there was all round trade depression, low prices, and diminished purchasing power on the part of the general public. These figures compare very favourably with previous years.

The following factors also contributed to the decreased profits:—

(i) Smaller number of prisoners employed on manufactures.

(ii) Cheaper rates of cotton and woollen yarns reducing the numerical value of sales.

(iii) Smaller demand from other Consuming Departments of Government.

(iv) The large number of Civil Disobedience prisoners in our jails for the first three months of the year who though sentenced to labour cannot be properly utilised.

(*e*) The receipts for labour supplied to the Prison Press at Yeravda Central Prison was Rs. 34,393. Figures for the last three years are given below. This year's slight increase is welcomed as the Press profits have been gradually diminishing and unless more work is transferred to the Prison Press, they will continue to do so. This is a great pity as the Press provides very good work for the prisoners and also keeps the profits in the hands of Government.

	Prisoners employed in Press.	Amount realised.
		Rs.
1929	175	40,064
1930	149	33,467
1931	150	34,393

(*f*) The value of articles supplied from jail factories for uses in jails was Rs. 86,126 against Rs. 1,45,747 in 1930.

The decrease being due to the small amount of clothing and bedding manufactured in comparison with the previous year.

Quinine.

51. Quinine tablets continued to be manufactured at Yeravda Central Prison for sale to the public through Post Offices and for free issue to the public through the Public Health Department.

Supplies were also made to the Police Department during the year under report.

Supplies of Jail-made Articles to Government Departments other than Jails.

52. Further revised instructions for the local purchase of articles required by Government Departments were issued by Government as per Government Resolution, Home Department, No. 197-V, dated 21st August 1931.

The value of articles supplied to other Government Departments is shown in the comparative statement below :—

——	1928.	1929.	1930.	1931.
	Rs.	Rs.	Rs.	Rs.
Public Works Department	15,234	11,018	18,614	9,447
Police Department	75,043	42,698	81,115	48,401
Marine Department	6,549	2,362	3,689	7,347
Military Department	278	236	183	332
Somaliland Protectorate	1,234	34	...	...
Other Civil Departments including the Stationery Department.	83,470	94,188	51,659	50,358
Total ...	1,81,846	1,50,536	1,55,260	1,15,885

The main cause of fall in these supplies can be attributed to the smaller demands from the Public Works Department and the Police Department. In the case of the latter the demand appears to vary from year to year. But taking into consideration the all-round spirit of economy the results are not discouraging.

This Department is now fully protected by the new instructions issued in the above quoted Government Resolution, and no fresh orders of Government are at present called for.

VI—Financial.

Cost of Maintenance.

53. The following figures show the gross and net costs for guarding and maintaining prisoners (other than civil prisoners) in the larger Prisons, Sub-Jails and Lockups :—

——	Total cost.	Average daily number of prisoners.	Average gross cost per prisoner.	Net cost after deducting profits.	Average net cost per prisoner.
	Rs.		Rs. a. p.	Rs.	Rs.
1927	18,42,892	12,917	142 10 9	15,84,749	123
1928	17,68,127	12,820	137 14 9	15,35,570	120
1929	18,07,000	13,108	137 13 8	15,91,389	121
1930	20,26,959	16,073	126 1 9	17,97,325	112
1931	17,71,290	14,765	119 15 5	15,58,783	106

The gross cost of maintaining a prisoner in the larger jails was Rs. 112-0-3 against Rs. 116-12-1 in 1930 and Rs. 128-6-4 in 1929. In Sub-Jails it was Rs. 137-15-3 against Rs. 157-1-4 for 1930 and Rs. 162-3-8 in 1929.

Dietary Charges.

54. Grain prices have again been very favourable and have further reduced the cost of rationing prisoners from Rs. 40-4-2 to Rs. 28-9-11 in larger jails and from Rs. 112-3-2 to Rs. 102-14-1 in Sub-Jails per prisoner.

Prison Superintendents have now become accustomed to the system of Departmental Purchase, and the reduction in the cost of dieting per prisoner can also be attributed to this factor.

Prison Dairies—

(*a*) The dairy of Hyderabad Central Prison supplied milk worth Rs. 1,336 to the prisoners against Rs. 1,614 for 1930.

(*b*) The receipts from Yeravda Central Prison were Rs. 2,318 against Rs. 2,740 in 1930.

(*c*) Ahmedabad Central Prison had profits of Rs. 984 against Rs. 603 in 1930.

Bakery—

The bakery at Yeravda Central Prison supplied loaves to prisoners showing a net profit of Rs. 45.

Establishment Charges.

55. The cost under this head was Rs. 53-13-8 against Rs. 48-13-3 in 1930. This increase is due to increments earned by persons on the permanent establishment and the smaller average number of prisoners confined during the year. There is a decrease under this head in the Sub-Jails the average cost being Rs. 6-0-0 against Rs. 8-3-2 in 1930.

Other Charges.

56. Establishment and dietary charges account for 75 per cent. of the cost of maintaining prisoners. Statement VII supplies details under minor heads.

VII—Miscellaneous.

Visitors.

57. 383 visits were paid by official and 264 by non-official visitors as compared with 388 and 321 in 1930.

In addition to these visits there were 74 Quarterly Meetings as against 70 in 1930.

Five meetings were held by the Visiting Committee at Dharwar Borstal School to consider and recommend lads for release on licence under the Borstal Act.

The Hon'ble the Home Member Mr. G. A. Thomas and Mr. D. R. H. Brown, Secretary to Government, Public Works Department, visited the Nasik Road Central Prison. The Hon'ble the Home Member also visited the Belgaum Central Prison.

Advisory Boards on long term Prisoners.

58. Thirty-five meetings were held at which 591 cases were considered. 72 prisoners were recommended for premature release as compared with 33 meetings, 497 cases for consideration and 56 recommendations in 1930. Government accepted the recommendation of the Boards in 69 cases. Ten lads were released on licence from Dharwar Borstal School.

Special Releases.

59. Eight prisoners were released under Government Resolution, Home Department, No. 432, dated 4th October 1930 during the year 1931 in addition to 541 released in 1930 to relieve jail overcrowding.

Buildings.

60. A sum of Rs. 1,16,500 was sanctioned by Government for completing the work of extension of the Hyderabad Central Prison, and Rs. 24,600 for drainage and water supply at the Nasik Road Central Prison.

Minor works costing Rs. 14,613 were financed from the discretionary grant at my disposal.

Of these latter the most important was the allotment of Rs. 8,222 for improvement in the water supply at the Hyderabad Central Prison. Up to the present time the supply at this Prison has been inadequate and poor in quality having been taken from the muddy waters of the Fuleli Canal, with practically no means of settling or filtering the water. When the present new scheme is completed the Prison will get a clean water supply from the Municipal Main.

He was subsequently appointed to officiate as Superintendent, Thana District Prison, from 22nd October 1931.

Mr. Chuhermal J. Bhavnani, Jailor, Hyderabad Central Prison, was made Rao Saheb in January 1932 in recognition of his very good work as Jailor, Sukkur District Prison, in 1930. A well deserved honour.

The year under report has again been a difficult one for this Department. During the first three months the Civil Disobedience continued, whilst on its being called off, large numbers of releases had to be dealt with, temporary prisons closed down and temporary staff demobilised and finally the work of getting back to normal routine once more.

The Superior Staff have however without exception worked loyally and well and have faced their difficulties and extra work in a most praiseworthy manner.

The names of the following are brought to notice as deserving special mention :—

Major M. G. Bhandari, I.M.S., Superintendent, Yeravda Central Prison.

Major R. T. Advani, I.M.S., Superintendent, Ahmedabad Central Prison.

Parkhi, Deputy Accountant, and of Mr. R. W. Soman. The work of my office staff has been exceptionally good throughout.

I have the honour to be,
Sir,
Your most obedient servant,

Major, I.M.S.,
Offg. Inspector General of Prisons,
